BPAC: <http://www.cityofsancarlos.org/meetings/tnc/default.asp> San Carlos has a Traffic and Circulation Commission consisting of seven appointed citizen members who advise the city council and other commissions on transportation issues including motorized transportation as well as bicycle and pedestrian issues. This functions as their BPAC.

Maps: None

Current Projects with significant bicycle and pedestrian impacts

East Side Connect Project: This project works to improve Old County Road making it a more complete street by making pedestrian and bicycle improvements and change the character of the street to be similar to streets in San Carlos west of El Camino Real. Old County Road is part of the San Mateo County North South route. More information at:
http://www.cityofsancarlos.org/publicworks/current_projects/east_side_community_transit_connectivity_project.asp

Holly Street at 101 Access Alternative Studies: This project studied improvements to Holly Street over 101 including pedestrian and bicycle improvements. The improvements developed have been approved by the City Council and construction should start in 2013. More information at:
http://www.cityofsancarlos.org/publicworks/current_projects/holly_street_at_highway_101/default.asp
